

Caroline Springs College Learning Walk: Networking School Leaders for Transformation 20th March, 2007

What are Learning Walks?

This program provides the opportunity for principals, deputy principals, secondary and primary school leaders to visit a leading school that has pursued innovation and excellence, encouraging reflection and building collegial relationships.

Program aims

- To showcase innovative practices within our schools
- To encourage and foster a collegiate leadership culture, extending beyond school localities
- To encourage evaluation of good practice for both the host and visiting colleagues
- To provide opportunities for exchange and dialogue between school leaders working at parallel levels and in similar context.

Program features

- School tour to observe facilities and innovative designs
- An informative presentation as to how the school has implemented its exemplary pedagogy and learning environment
- Discussion to establish areas of interest and ideal outcomes
- The setting of a personal action plan and post visit tasks.
